1. Basis of Preparation and Statement of Compliance

a) Incomplete Records

These consolidated financial statements for the half year ended 31 December 2017 cover Woomera Mining Limited formerly Ausroc Metals Limited (“the Company”). Woomera Mining Limited (formerly Ausroc Metals Limited) is a company limited by shares, incorporated and domiciled in Australia.

The interim financial report was issued on 15 March 2018 by the directors of the Company.

This interim financial report does not include the full disclosures of the type normally included in an annual financial report. Therefore, it cannot be expected to provide as full an understanding of the financial performance, financial position and cash flows of the Company as in the full financial report.

It is recommended that this interim financial report is read in conjunction with the annual financial report for the year ended 30 June 2017 and any public announcements made by Woomera Mining Limited (formerly Ausroc Metals Limited) during and since the end of the half-year in accordance with continuous disclosure requirements arising under the Corporations Act 2001 and the ASX Listing Rules.

The interim financial report is a condensed financial report prepared in accordance with the requirements of the Corporations Act 2001 and AASB 134: Interim Financial Reporting where possible (refer to note 1(a)). The financial statements have been prepared on an accruals basis and are based on historical costs.

The Accounting policies adopted in the preparation of this half-year financial report are consistent with those followed in preparation of the Group’s annual consolidated financial statements for the year ended 30 June 2017, except for the adoption of new standards and interpretations effective as of 1 January 2018. However, the adoption of these new Standards and Interpretations has had no material impact.

a) Incomplete Records

- The financial report for the half-year ended 31 December 2017 has been prepared by Directors who were appointed on 5 December 2017. The Directors did not have control of the company until control was transferred to them on the effectuation of the deed of company arrangement on 5 December 2017.
- The current Directors did not have oversight or control over the Company’s financial reporting systems including but not limited to being able to obtain access to complete accounting records of the Company. - These financial statements do not contain all the required information or disclosures in relation to transactions undertaken by the Company as this information is unascertainable due to the administration process and/or the change in directorships and key management personnel.

Consequently, although the Directors have prepared this financial report for the half year-ended 31 December 2017 to the best of their knowledge based on the information available to them, they are of the opinion that it is not possible to state that these financial reports had been prepared in accordance with Australian Accounting Standards including Australian interpretations, other authoritative pronouncements of the Australian Accounting Standard Board and the Corporations Act 2001. Furthermore, the Directors are of the opinion that it is not possible to state this financial report gives a true and fair view of the Group’s financial position as at 31 December 2017 and its performance for the half-year ended on that date and cannot form a view as to whether the financial statements comply with AASB 134: Interim Financial Reporting.

To the members of Woomera Mining Limited (formerly Ausroc Metals Limited)

Report on the Half-Year Financial Report

Disclaimer of Conclusion

We were engaged to review the half-year financial report of Woomera Mining Limited (formerly Ausroc Metals Limited) (the Company) and its subsidiaries (the Group), which comprises the consolidated statement of financial position as at 31 December 2017, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year then ended, and notes comprising a statement of accounting policies and other explanatory information, and the directors' declaration.

We do not express a conclusion on the accompanying half-year financial report of the Group. Because of the significance of the matter described in the Basis for Disclaimer of Conclusion paragraph, we were unable to obtain sufficient appropriate evidence to form a conclusion on the half-year financial report of Woomera Mining Limited (formerly Ausroc Metals Limited).

Basis for Disclaimer of Conclusion

As stated in note 1a) of the financial report, the Directors who were appointed on 5 December 2017 have prepared the report for the half-year ended 31 December 2017. The Directors did not have control of the company until control was transferred to them on the effectuation of the deed of company arrangement on 5 December 2017. The Directors did not have oversight or control over the Company's financial reporting systems including but not limited to being able to obtain access to complete accounting records of the Company. To prepare the financial report for the half year ended 31 December 2017, the Directors have reconstructed the financial records of the company for the period using data extracted from the Company's accounting system. However, there may be information that the Directors were not able to obtain, the impact of which may or may not have been material on the financial performance for the half year ended 31 December 2017. This half-year financial report does not contain all the required information or disclosures in relation to transactions undertaken by the Company as this information is unascertainable due to the administration process and/or the change in directorships and key management personnel.

As a result of this matter, we were unable to obtain sufficient appropriate evidence or determine whether any adjustments might have been found necessary in respect of the consolidated statement of financial position, consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows.

Directors' responsibility for the Half-Year Financial Report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the accompanying half-year financial report based on our review. We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor*. Because of the matter described in the Basis for Disclaimer of Conclusion paragraph, however, we were not able to obtain sufficient appropriate evidence as a basis for expressing a conclusion on the half-year financial report.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*. We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Group, would be in the same terms if given to the directors as at the time of this auditor's review report.
